

FREE Desktop Computer System

With \$49 Training Class Hosted at Your Location

The mission of the WTA non-profit is to provide free or low-cost computers and training to people in need. We are now offering free Dell and HP Desktop Computers for students, schools, non-profits & low-income people that attend a \$49 three-hour training class.

The Dell or HP Desktop Computer Includes:

- Dell Optiplex 755 or Similar Mini-Tower
- Intel Duo Core Processor
- At least 2GB RAM
- 160GB or Greater Hard Disk Drive
- DVD Optical Drive
- Large 17" LCD flat panel monitor
- Keyboard, Mouse and Power Cord
- Ethernet port to get internet from your router
- MS Windows 7 32Bit and Libre Office with Word Processor, Spreadsheet & more
- Free software including VLC player, MS Security, Foxit Reader, Paint.Net and More

All Equipment is Used but Fully Refurbished, Tested and Warranted for 30 days

OPTIONAL: Refurbished Dell, HP or Lexmark Laser Printer with USB & Power Cables – Add \$19

OPTIONAL: New USB WiFi card for Wireless Internet through your/public access point – Add \$5

The Class Includes:

- Basic Computer Setup
- Navigating in Windows 7
- Using Word Processors & Spreadsheets
- Using the Internet: Social Media & eMail

Each person that attends the three hour class will leave with their free desktop computer system. At least ten people must sign up and pay their location coordinator (school, church, community organization, non-profit, etc.) for the class to be held at your location. Recipients must sign an agreement that they will not sell the computer equipment within one year.
