## OPTIONAL SOFTWARE INCLUDING INSTALLATION

The WTA is a Microsoft Authorized Refurbisher and can install MS Windows and MS Office on desktops and laptops destined for NGOs, schools, libraries and low-income individuals. We also have an extensive library of free programs and education software that works well in the developing world and can be loaded on computers

### Benefits of receiving computers with pre-installed MS Windows & Office:

- Get critical Microsoft updates (not available if you install un-licensed Windows)
- All driver software is pre-installed
- Operating system installs ensures the functionality of the computer.
- Microsoft Office is the most widely used application in the world.

**Add Free Utilities and Applications:** Anti-virus, Chrome, Libre Office, Paint.Net, Skype, 7-Zip, VLC Player, Spotify, CDBurnerXP, Foxit Reader and more. Choose from dozens of programs we have.

**Add Education Software.** WTA president Lou August worked with hundreds of free educational programs designed for the developing world while leading ICT in Education for Save the Children and World Vision. Chose from the best titles in the correct languages to pre-install on your computers.

**Licensing cost per computer is \$9 for MS Windows 10 and \$9 for MS Office 2010.**  
**Total software installation fee for all licensed and free software is \$9 per computer.**

## OTHER ITEMS

New USB Keyboards, English, French or Spanish = \$5  
 New USB Optical Mouse = \$4  
 Individual Packaging in a Box = \$10

New Laptop Batteries  
 Refurbished Laser Printers  
 LCD Projectors

For International or bulk orders please email [info@wildtech.org](mailto:info@wildtech.org) or call 202-853-7617

## COMPUTER REFURBISHING PROCESS

- Registration, discovery and wipe report. Hard drives securely wiped; all items boot tested and inspected for major cosmetic flaws and damage; model and hardware specifications recorded.
- Clean Computer. Dust is vacuumed out, and high pressure air is sprayed in power supply, processor, fans and throughout the case and all stickers are removed and case is cleaned.
- Refurbishing. Missing parts replaced such as hard drive, memory and cards. BIOS set to default, Boot order set to CD Rom first and CD ROM, fan, battery, and power supply checked.
- Diagnostic Test / Quality Control. PCs are quality controlled and tested to the highest possible standard by industry leading diagnostic testing software.
- Windows Install and Licensing, (If requested). Windows and/or Microsoft Office installed and all updates applied, then legally licensed through Microsoft's web site including any documentation and/or stickers.
- Bulk Packaging. Laptop computers are professionally packaged in heavy-duty boxes or slot boxes on pallets for large deliveries. Desktops are placed on pallets and shrink wrapped.

## PRODUCTS AND PRICING

All WTA refurbished surplus computers are from major brands: Dell, HP, Lenovo, Apple, etc. The model and form factor will vary. Product specific orders, such as Dell laptops only, can be made but extra fees will be charged. Minimum hardware specifications, such as processor type, hard drive size and memory size, will be me guaranteed.

**Minimum Purchase:** All international and bulk orders must be for at least 40 desktops or 20 laptops.

**Packing List / Shipping Manifest:** Once the computers are prepared you will be sent a list with the make, model and hardware specifications of all computers.

**International Warranty:** For new and occasional buyers, there is a 5% warranty on exported computers and monitors. In other words, for every 20 computers or monitors you buy, we will include one extra for free to cover any failures. For frequent buyers, repair parts can be ordered.

**Power plugs:** Power plugs are USA standard (two rectangular and one round pin). You may be required to purchase a power plug adapter, which are always lower cost in the destination country.

**Keyboards:** Keyboards are used and are standard English QWERTY layout.

**Laptop Batteries:** All laptops will hold a charge but we cannot guarantee the life and functionalities of used batteries. We can provide new batteries for an additional fee.

## ORDER PROCESS:

1. For more information or to place an order email [info@wildtech.org](mailto:info@wildtech.org) or Skype lou.august
2. Once the details of the order are finalized you will be sent an invoice. A 50% down-payment is required to initiate the order. The WTA is not a funding agency and cannot provide any help with costs nor can we offer credit terms. Payment from international recipients is by bank wire only.
3. The order fulfillment period depends on the quantity of equipment ordered. Orders for 40 units usually ship in a week or two. Ocean container loads of 400 or more units require at least a month to prepare
4. When the order is completed and ready to ship you will be required to make any remaining payments, including payments for shipping.

## INTERNATIONAL SHIPPING

Once the computers are packaged and ready for shipment we will have the information necessary to make up the Bill of Lading and Commercial Shipping Invoice. These documents are needed to import computers. Documents will be mailed to the recipient via a courier, such as Federal Express, or an "express release" will be authorized which means documents will be issued in-country.

Prior to shipment we can provide some example shipping documents and sample details of equipment to illustrate your discussions with customs officials. We recommend contacting a customs broker prior to initiating any shipment to avoid unexpected charges. Certain countries have high taxes on computers and some countries don't allow the import of used computers. It is the importers responsibility to investigate any potential import issues.

Be aware that transport from the port of entry to the destination may not be on high quality roads. There is less control over product transport once it leaves the port and port to door transport is when most damage occurs to the computers. The WTA is not responsible for damage that occurs during international shipment and port to door transport.
